

A square maze with a thick gray border. The interior is white with a complex network of gray lines forming a path. The path starts at the top-left corner, moves right, then down, then right again, and continues with various turns and dead ends, eventually leading to the bottom-right corner. The path is composed of horizontal and vertical segments of varying lengths.

A complex black and white maze with a single entrance and exit. The maze is composed of numerous interconnected paths and dead ends, forming a dense, intricate pattern. The entrance is located at the top center, and the exit is at the bottom center. The maze is designed to be challenging, with many potential paths leading to dead ends.

A square maze with a single path leading from the entrance on the left to the exit on the right. The path starts at the left edge, moves right, then up, then right again, and continues through a series of turns and dead ends until it reaches the right edge. The maze is composed of black lines on a white background.

A complex black and white maze with a single entrance and exit. The maze is composed of numerous interconnected paths and dead ends, forming a dense, intricate pattern. The entrance is located at the bottom center, and the exit is at the top center. The maze is designed to be challenging, with many potential paths that lead to dead ends. The overall shape is roughly rectangular, with the entrance and exit positioned at opposite ends. The lines are thick and black, set against a white background. The maze is a single continuous path that winds through the entire area, with no shortcuts or multiple solutions. The entrance is a small opening at the bottom, and the exit is a small opening at the top. The maze is a classic example of a single-path maze, where there is only one way through from the entrance to the exit. A complex black and white maze pattern. The maze is composed of numerous interconnected horizontal and vertical lines of varying lengths, creating a dense network of paths and dead ends. The lines are solid black on a white background. The overall shape is roughly rectangular, with a slightly irregular border. The pattern is highly symmetrical and repetitive, suggesting a mathematical or algorithmic construction.

A complex black and white maze with a single path leading from the entrance on the left to the exit on the right. The maze is composed of numerous interconnected paths and dead ends, forming a dense, intricate pattern. The entrance is located on the far left, and the exit is on the far right. The path is the only continuous line that connects the entrance to the exit without any breaks or dead ends.
